

ENTERTAINMENT
COMMITTEE
REPORT

the Entertainment Committee has just been elected and so has had little time in which to function.....in the committee-less interim there have been two parties, one concert, one moving picture showing and several evenings of informal dancing.....the second party was a much clamored for beer party, the festivities were created by sufficient (but not too much) beer, bread and cheese, table cloth, candles, music for dancing (by jimmy tite and assorted drummers) and flossie fogelson singing. There was a surprise performance by the "Barber Shop Quartet" (h. and j. bergman, boyce, schauffler and schauffler, albright, adamy and rony) all equipped with different colored moustaches which couldn't be seen because of the dark). and general good spirits.....the first party followed the first community meeting of the year. it was an introduction party, introduction being facilitated by square dancing (called by rony), hot punch and social dancing.....the entertainment committee has plans for a thanksgiving party and a christmas party. we will also try to continue the film performances started last week with three non objective films, from the museum of non-objective art.....all the entertainment is financed by the contributions of the community (\$1.25 per person, per semester) which amounted in total to \$117.50.... the committee would appreciate any suggestions for parties, performances or special events. anyone who at any time wishes to help arrange these will be welcome.

Some men when they dance with me
like to sing
Theirs are necks that I'll cheer-
fully wring.
And some glue a clammy cheek to
mine
Those I'll gladly to hell consign.
For some who casually step on my
foot
Asphyxiation's a fate too sweet.
But what is the awfulest death to
die?
Some can't rhumba, but like to try.
